

HAPPENINGS IN AND ABOUT TOWN

DIES FROM FALL
OFF OIL TANK CAR

Albert J. Orr, 55, Succumbs
at Hospital—Amputation
Fails to Save Him.

Albert J. Orr, 55 years old, 321 N. Johnson st., a brakeman on the C. I. & S. railroad, who suffered a fracture of the skull and a badly mangled leg when he fell from the top of an oil tank car near Walkerton about 6 o'clock Sunday evening, died without regaining consciousness at Epworth hospital at 1:15 o'clock Sunday morning. The foot was amputated in an effort to save his life.

Orr was picked up by the train crew and was rushed to South Bend. The police ambulance met the train at Ford st. and took Orr to Epworth hospital. He had been in the employ of the C. I. & S. railroad for many years, coming to South Bend from Streator, division headquarters of the road, 16 years ago.

Orr was born in Greentop, Mo., Sept. 16, 1869. He is survived by his wife, Ida, four children, William of Joliet, Mrs. Carl Hausman of this city and Viola and Maxine at home, and three brothers, Alonzo of Montana, LeRoy of Iowa and Adison of Kansas City, Mo.

Funeral services will be held at the residence at 2:30 o'clock Wednesday afternoon. Burial will be in Bowman cemetery.

MOTOR TRUCK BROKEN,
SIGNS ARE DELAYED

Club Representatives Explain Reason For Delay to County Commissioners Monday.

A committee from the Northern Indiana Motor club, headed by Col. George M. Studebaker, L. P. Hardy, C. N. Chubb, E. A. Bennett and A. K. Sykes, secretary of the organization, appeared before the county commissioners Monday morning to explain the delay in putting up the road signs in the various parts of the county. They reported that due to the fact that their automobile truck had been out of commission the signs had not yet been erected. They will be placed in position this next month, they said.

George Long was appointed justice of the peace of Penn township, to fill the vacancy caused by the resignation of John Bultnick. Three plans and specifications for culverts over the Kane ditch in Lincoln township, Leman ditch in Madison township and Coquillard ditch in Clay township were filed with the board. No action was taken. A petition to have a certain highway in Portage township, from the city limits to the boundary line of Green, examined preparatory to the filing of a petition for improvement, was placed in the hands of the board. The matter was referred to the county engineer.

GIVES FULL REPORT OF
CHARITIES CONFERENCE

Miss Lela Scott, secretary of the Associated Charities, presented a full and interesting report of the national conference of charities and corrections held recently at Indianapolis, at a joint meeting of the charities council Monday afternoon. A profitable discussion of various phases of the conference followed. It was led by a number of members of the council who had attended the sessions in Indianapolis. The charities council is made up of four sections, one of which meets each week in the offices of the organization. The meeting Monday, however, was a joint session.

Miss Scott will give a similar report Tuesday, June 6, at a meeting of the Associated Charities board.

DANGERS OF DRAFT.
Drafts feel best when we are hot and perspiring, just when they are most dangerous, and the result is Neuritis, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuritis Headache will find one of two applications of Sloan's Liniment will give gratifying relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist—Adv.

THEATERS

AT THE AUDITORIUM.

The story of "The Flying Torpedo," the five-reel Triangle production being shown at the Auditorium today, concerns Clavering, a writer of detective stories, who reads the offer of the United States board of defense of a substantial prize for the invention of a powerful weapon of destruction, and he urges his friend, Thompson, an inventor, to perfect a flying torpedo controlled by wireless, on which the latter has been working and agrees to furnish the required backing. Meanwhile the relations between the United States and a coalition of foreign powers have become strained and there is grave need for such a weapon as Thompson hopes to produce. A band of international crooks learns of the plans of the novelist and inventor and on the day of the test of the flying torpedo, steal the model. The inventor is broken-hearted, but his friend does not despair and furnishes the money for the construction of a new model. Then the crooks are determined to do away with the inventor, which they finally accomplish by the use of a poisonous capsule, but Clavering and Thompson's assistant finish the new model, and just in time, for foreign invaders are already entrenched in southern California. Naval and land battles have been lost by the American defenders and the situation is desperate, but the new weapon of destruction demonstrates the treachery of the enemy and force him to retire from our shores. The picture is said to be filled with thrills and exciting situations. "Wife and Auto Trouble," a two-reel Keystone comedy, with Willie Collier, is also on the bill. Tomorrow William Fox will present William Farnum in "The Battle of Hearts." Other features of the program will be a "Sis Hopkins" comedy and the Selig-Tribune weekly.

William Fox presents William Farnum in "Battle of Hearts," Wednesday, at the Auditorium.

**NEXT RECREATION MEET
WILL BE HELD HERE**
Director Barnes Gets Assurance From Indiana University Extension Department.

South Bend will hold the next recreation conference that is held under the auspices of the extension department of Indiana university. F. B. Barnes, municipal recreation director, who returned Sunday night from Indianapolis, where the first meeting of this kind was held last week, was assured that this city would be given the next state playground conference.

According to the plans of J. J. Pettitjohn, head of the extension department of the state university, conferences of this kind will be held in all parts of Indiana within the next year. It is probable that the first of these, the one that is to be held here, will be early in the fall.

Mr. Barnes and John S. Borden, county agricultural agent, were on the program at the Indianapolis conference. The former was appointed chairman of a committee to investigate the possibility of forming a state recreation organization. It was decided that the recreation systems of the various cities in the state were not sufficiently developed to warrant a state organization.

FINED SECOND TIME
John Gordon, who was picked up here two weeks ago as a vagrant and fined \$1 and costs, was given a similar fine by Judge Warner Monday morning on the same charge. Gordon was identified by the Bertillon system as a notorious safe cracker with a record and was picked up here again shortly after his release from jail. Judge Warner told Gordon that he would be investigated during his present term in jail.

Six other men who were picked up as vagrants promised to get out of town immediately and were permitted to go free. They gave their names as Joseph Kubiak, Joseph Kusal, David Smith, Alex Kaimnake and Bert Williams, and their destination as Toledo.

Pat Crowe of Cudahy kidnapping fame, was in court again on a charge of begging. He pleaded not guilty, stating that he had been working until Thursday, when he laid off because of a number of bolts on his arm. The case was continued until Friday morning.

Robert Burns, Melvin Airgood and James Roach were fined \$1 and costs for intoxication. Anton Haeckels, Julius Schopp and Anton Horvath escaped with suspended sentences.

TO GIVE CONCERT FOR
RIVER PARK CHURCH

Choir of First M. E. Church Will Give Concert to Help Raise Neighbor's Debt.

The River Park M. E. church needs help.

In order to raise money with which to lift a part of the debt on the River Park church, the choir of the First M. E. church will give a concert at the First church Tuesday evening, June 6, at 7:45 o'clock. The trustees of the River Park church are trying to raise \$2,000 to apply on the \$5,600 deficit owing since the dedication of the edifice in 1908. Of this sum, all but \$400 current interest will be given to reduce the indebtedness of the River Park church.

The First M. E. church is donating the concert. A popular response from South Bend church going people and music lovers to this request for help is expected.

THOMSON EVANGELISTIC
PARTY RETURNS HERE

The Thomson evangelistic party, composed of the Rev. and Mrs. H. A. Thomson and David Williams, chorister, have returned from several months' campaigning in the south. They left Fort Lauderdale, Fla., on May 8, making the 2,000 mile trip home by motor. This included a climb up a 31,000 foot mountain peak, traveling across the Blue Ridge and Allegheny mountains. Mr. and Mrs. Thomson left here in September and traveled 5,000 miles, as all their campaign trips were made by automobile.

Their most successful revival was at Hallendale, Fla., where there were 46 conversions of leading citizens and sometimes the entire family. They made their headquarters at Fort Lauderdale.

Mr. and Mrs. Thomson will remain in the city for the summer and expect to make another tour early in September.

COMMITTEE DEEP IN
"SCORES" OF THE BABIES

Anxious mothers will have at least two, perhaps three, more days to wait before they will know whose baby is most perfect.

Announcement to that effect came Monday morning from Mrs. C. M. R. Haeske, chairman of the Baby Week contest committee. Figuring up the averages on the more than a hundred score cards proves to be more of a job than the scoring committee had bargained upon when it promised to have its announcement of the contest results ready for publication by Monday. Conference with some of the examining physicians was necessary before the cards could be scored accurately on certain points. It will be impossible to complete the conferences before Wednesday, possibly before Thursday.

TO PLAN EXTENSION TRIP.
The organization meeting of the wholesalers' bureau of the Chamber of Commerce, which was to be held at the new Kable banquet hall Thursday evening, will be held at the Nicholson inn instead. Plans for a trade extension trip are to be made at that time.

ADMITTED TO BAR.
Jacob M. Leinenkugel, member of the senior law class of Notre Dame university, was admitted to the St. Joseph county bar Monday morning in the circuit court.

WHAT TO DO WHEN YOUR FEET BURN AND ACHE
How many times have you come home in the evening with your feet aching and burning from standing or walking in hard, hot shoe leather, and what wouldn't you give to be relieved of that torture? Here is a simple way to obtain cool, comfortable, happy feet that will recommend themselves to you. It is so simple and inexpensive. Get a package of Wa-Na-To from your druggist. It only costs a quarter. Then go home and bathe your feet in hot water in which you have dropped two or three of these tablets. A delicious sense of comfort and well-being will creep over you and all tired, aching feet will vanish. Wa-Na-To added to your bath is a delightful cleanser and deodorant, removing impurities and banishing body odors. If your druggist hasn't Wa-Na-To, send 10 cents for the suggestion. J. C.
